GREAT INCREASE IN CONTRIBUTIONS

More Than Half a Million Dollars Raised in North Carolina Synod.

MINISTER FOR UNIVERSITY

Endowment Fund for Union Theological Seminary Is Urged.

[Special to The Times-Dispatch.]

Rocky Mount, N. C., October 27.—Not only in contributions to foreign missions has the Synod of North Carolina taken an advance step during the present year, but the same is true of contributions to other interests of the church. The publication of statistics in the minutes of this session of synod will show that 14,584 have been contributed to assembly's home missions; \$50,312 to local home missions; \$2,632 to colored evangelization; \$4,207 to ministerial relief; \$6,065 to ministerial education; \$15,856 to orphans' home; \$1,068 to Bible cause. Not including what has been given to foreign missions, \$73,699 synod has given this year to all causes \$182,910, which is an increase of \$130,967 over what was given last year. The church membership in synod is 44,435. During the year there has been an addition of 2,137 members on profession of faith and 1,738 on certificate. The women's societies have contributed \$23,268; of this amount \$9,024 has been given to foreign missions, \$4,583 to home missions, \$4,800 to local causes and the remainder to other interests of the church.

The Standard Commended.
Rev. P. R. Law, D. D., editor of the Presbyterian Standard, at this morning's session expressed to the synod his appreciation of the sympathy and co-operation which the members have accorded him in his work. Revs. C. E. Raynal, J. M. Wells, C. A. Munroe and Elders J. R. Pharr and A. M. Scales commended Dr. Law and his work, referring to the Standard as a church

paper of the highest order. Dr. Wells urged that the Sunday daily papers, with their large comic sections, which furnished the Sabbath reading of many children, be stopped from coming into the homes, and that the children be trained to read the church papers instead.

Interests of Davidson.
Dr. Henry Lewis Smith, president of Davidson College, and Dr. T. W. Lingie, a member of the faculty, presented the interests of the college. It was shown that the present enrollment of students is the largest in the history of the college, and eighty of them have already signed their purpose of making the ministry their life work. It was shown also that thirty-eight of the ninety-one students in Union Theological Seminary are Davidson men, and twenty

Couldn't Stand Noisy Children
Mrs. Stauffer Says Her Own Children Made Her Nervous, and She Had Scary Dreams.

Wily, Va.—"I was so weak and nervous I could hardly be up," writes Mrs. Dora Stauffer, of this place, "and I could hardly bear the noise of my own children. Often I would lie awake nights, and I had such scary dreams! I fell off a great deal in weight, and grew very weak. Inside of one week after I began to take Cardui my pains were better, and in three weeks I felt like another woman. I feel it my duty to praise Cardui to all suffering women."

If you are weak, nervous and miserable you are urged to try Cardui, the woman's tonic. Cardui has a specific action on the weaknesses and disorders peculiar to women. Being composed of purely vegetable ingredients, and containing no harmful drugs, Cardui cannot possibly injure you.

It's foolish and often dangerous to experiment with new or slightly tested medicines. For over 50 years Cardui has been benefiting delicate, pain-racked women by the hundreds of thousands.

Thousands of ladies have written to tell of the good it did them.

others are in other seminaries, and three-fourths of all the candidates for the ministry in the church are from Davidson College.

The importance of placing a Presbyterian pastor at Chapel Hill, where the University of North Carolina is located, was discussed at length, and will be taken up again before the close of synod. The fact was emphasized that other denominations are represented there by ministers of ability, and that the Presbyterian Church will not be doing her full duty toward the young men there from Presbyterian homes until she places a pastor there also.

The report of the regents of the orphans' home was submitted, showing there are now 180 children in the home, with no serious illness among them this year. The debt, \$4,500, has been paid, and no legacies have been received, amounting to \$4,000.

During the afternoon session, Rev. R. L. Davis, secretary of the Anti-Slavery League of the State, was the speaker. The remainder of the session was occupied with the consideration of the Sabbath and family religion, the addresses in this connection being among the most interesting delivered during synod.

The synod of the session was struck in the work of ministers, of McClure, D. D., who said that if proper training and discipline is observed in the home, there will be little desecration of the Sabbath and little other wrong done.

DEMOCRATIC DAY AT ROCKY MOUNT

Rocky Mount, Va., October 27.—The Democratic barometer is speaking here to-day was successful beyond the expectations of even the most ardent Democratic worker. A conservative estimate is that 5,000 people were present this morning the crowds began to arrive from every part of this county, and every train was loaded with enthusiastic Democrats, wearing Saunders badges. A special train from Martinsville brought in the Martinsville Saunders Club, 300 strong. This club marched in a body to the Banner Warehouse, where the speaking took place, and upon entering sang a campaign song, composed for the occasion, which was enthusiastically applauded by the crowd. The speakers were Senators Martin and Swanson and Congressman Saunders. Senator Swanson was the first speaker. He was introduced by C. B. Willis, Democratic county chairman, of Franklin, and was greeted by prolonged applause as he mounted the platform. His speech was confined to a discussion of the Payne-Aldrich bill, and the records of the opposing candidates for Congress in this district. The Senator was in fine form and spoke with great vigor. He closed with an earnest plea to the voters to return Judge Saunders to Congress, where he will be a great factor in what is sure to be a Democratic House.

At the close of the Senator's speech the meeting adjourned to the Farmers' Warehouse, where a sumptuous dinner was served by the local Democrats. The dinner over, the people again assembled at the Banner Warehouse to hear more Democratic doctrine. Senator Martin was then introduced, and for one hour he discussed the issues involved in the present campaign in his plain, practical way. He spoke of his intimate associations with Judge Saunders in Washington and declared that he was the peer of any man in Congress from Virginia.

The last speaker was Congressman Saunders. He was given a great ovation by his old neighbors and constituents as he came forward. He discussed the fight in the last session of Congress against Cannonism and the majority report in Parsons's contest for his seat, and declared that he would not only be re-elected, but that the present Congress would never unsettle him. He created great cheering by prophesying the election of Stuart in the Ninth.

"The Liver Pills act So Naturally and Easily."

Such a statement, coming from the cashier of a bank, shows what confidence responsible people have in these pills. Mr. A. L. Wilson after trying them wrote:

"I have used Dr. Miles' Nerve and Liver Pills and also your Anti-Pain Pills, on myself, with good results. The Liver Pills act so naturally and so easily that I scarcely know that I have taken a pill. Frequently being troubled with headache I take an Anti-Pain Pill and get immediate relief in every case."

A. L. Wilson, Sparks, Ill.
Mr. Wilson was for a number of years Cashier of the First National Bank of Sparks.

Dr. Miles' Nerve and Liver Pills
are different from others. Many kinds of liver pills are "impossible" after one trial on account of their harshness. Dr. Miles' Nerve and Liver Pills do not act by sheer force but in an easy, natural way, without gripping or undue irritation. They are not habit forming.
